The guest list included: Messrs. and Meses. Sass, Sayre, Hudson, W. P. Poland, Harrell, Shelby Downard, R. P. Poland, Homer Hinkle, C. M. Campbell, E. E. Guillot, H. L. Crockett, W. D. Potter, T. K. Kearney, P. P. Kearney, J. S. Berkshire and W. A. Martin.

AN OVERBURDENED WIFE

If the work that women do and the pains they suffer could be measured in figures what a terrible array they would present! Through girlhood, wifehood, and motherhood woman toils on, often suffering with backache, pains in side, headaches and nervousness which are tell-tale symptoms of organic derangements which Lydia E. Pinkham's Vegetable Compound—made from roots and herbs—can undoubtedly correct. Women who suffer should not give up hope until they have given it a trial.

OUR BIG DAY

Everybody Came to See Us.

In response to recent notices wherein Professor Munyon guaranteed to refund the money in every instance where his remedies fail to give satisfaction, people with all sorts of ailments called for all sorts of his remedies. The big demand, however, seems to be for his Paw-Paw Laxative Pills. They're certainly giving satisfaction. One benefited person tells another of their curative qualities, and so the demand increases. Professor Munyon wants us to continue to impress upon every person who suffers with stomach or liver ailments, and particularly all constipated people, to try Paw-Paw Laxative Pills. He says they correct indigestion and school the bowels to act every day in a natural way. If your complexion is bad, if you have dizzy spells, if you are bilious and if you have impure blood, get a bottle of these Pills, with the understanding that if you are not satisfied your money will be returned. No griping, no weakening effect, just a pleasant, natural movement every day. You get well almost unconsciously. Professor Munyon warns the public against the use of the old-fashioned cathartics, which scour and debilitate. If you have an ache or pain of any kind, you better come in and try one of Munyon's Remedies. Also don't forget that we are carrying his Witch Hazel Soap, the best toilet soap ever sold at 10 cents a cake.

PREFERS MILITARY TRAINING TO SCHOOL ATHLETICS

Oklahoma City, Sept. 20.—Governor Williams came back from Boston visibly impressed with the need for national defense. It is even possible that if the legislature were now in session and an appropriation should be suggested for the benefit of the National Guard, the governor would permit his economy propaganda to approve the bill. He was talking generally about preparedness and remarked that he will suggest to the legislature that a law be enacted abolishing football and athletics and making military training mandatory in the state schools.

President Frank Gault of the board of agriculture has become quite a school man and is interested in athletics. He used to be a cowboy. "If you do that, you'll ruin all the schools," he said to the governor.

"Besides, you don't need soldiers. You need good men who can ride and shoot. About thirty years ago out in western Oklahoma we were holding out against Indian outbreaks. Some soldiers were stationed there. One day a greasy Indian came up to the little West Point commandant and asked for some cartridges. The soldier said, 'What do you want to do—kill some of my soldiers?' "No, said the Indian 'want bullets to kill cowboys. Kill soldiers with club.'"

American Orders From Manchuria

American commercial travelers are now penetrating far into northern Manchuria. Consul Moser reports from Harbin to the bureau of foreign and domestic commerce, department of commerce, that he is busy introducing American trade solicitors to Russian firms. The consul says he endeavors to be personally acquainted with the managers of every importing firm in his district. When the American commercial travelers arrive at Harbin, the consul introduces them, and gives them useful information. The result is that the buyer and seller are mutually assisted. Recent orders thus placed in Harbin for American goods include Pennsylvania watch cases, \$25,000 worth of Massachusetts shoes, New York roofing, California dried fruits, and Pennsylvania rubber goods, while several orders are pending for railway supplies and other goods.

The bureau of foreign and domestic commerce has gathered considerable data about Manchuria for all American manufacturers who want to know.

Warning to the public

Imitations and misrepresentations of labels on Wooltex garments are becoming so frequent as to make it increasingly difficult to distinguish between the genuine and the fraudulent.

Some merchants unable to secure for themselves the privilege of selling Wooltex Coats, Suits and Skirts are representing inferior makes of women's clothing as genuine Wooltex garments.

The Wooltex label is sewn into every Wooltex garment and is protected by the United States government. Only those garments bearing the registered Wooltex label are genuine Wooltex garments.

The privilege of selling Wooltex coats, suits and skirts is granted to but one store in this city—The Store That Sells Wooltex. At this store, and this store alone, can you secure coats, suits and skirts which bear the Wooltex label.

"FOX" FEATURE

With Theda Bara, at Royal and Ardmore, Thursday.

For "The Devil's Daughter," the latest William Fox release starring that extraordinary woman Theda Bara, of The Antoine in Paris, the selection of a cast by Director Frank Powell, was an unusually difficult task. "The Devil's Daughter" is based upon the famous work by Gabriele D'Annunzio, (the author of Cabiria) La Gioconda and requires extraordinarily endowed players to set forth intelligently on

the screen this wonderful story of the havoc wrought by an evil and beautiful siren in the lives of her victims.

Paul Doucet, a celebrated Broadway star, enacts Lucio Settala, a sculptor whose life and ambitions fall prey to "The Devil's Daughter." Robert Wayne gives a forceful and finished portrayal of Lorenzo Gaddi, the old sculptor, Jane Moller, the beautiful leading woman of "Life" and "From the Valley of the Missing," renders Francesca Doni, a beautiful and appealing picture, while Doris Heywood, as Sylvia, the wife of Settala, who sees her husband enslaved by The Vampire, gives a splendidly dramatic performance, most moving in its deeper moments and brilliantly handled throughout. Victor Benoit is the Cosimo Dalbo, betrothed to Francesca and Eduard Durand is cast for the powerful role of Roffiana. That most wonderfully gifted of all stage children, little Jane Lee, the "Baby Bernhardt," who did such great work in the Fox production of "The Clemenceau Case" makes Beata, the sculptor's tiny daughter such a pathetic and moving figure that this three-year-old marvel is destined to create a sensation in "The Devil's Daughter," second only to that of Mlle Bara herself. The mystic character of La Sirenella, a symbolic creation of D'Annunzio's mind is played with fine appreciation by Elaine Ivans, a very well known and popular actress. This photodrama will be shown at the Royal and Ardmore Thursday. In case of inclement weather, the vaudeville and picture program will both be run at the Royal.

Some people are enjoying the harvest moon now, and others prefer to follow the astronomers and wait until about the time of the autumnal equinox, thus showing their servility to science.
